# OB Cable management

**BIG FAIL!**

Good to see people have a basic understanding of how railroads work....  
*(Let me know when you stop laughing!)*

## TR Tuesday: Studio Acoustics Panel Discussion

by Technorama | Jun 2, 2024 | TR\_training, TR\_webinar

 Date: 18 June 2024  Time: 6:30 PM – 8:00 PM  Watch the Recording: Here Are you involved in the design, construction, or operation of studio spaces? Join us for an enlightening session on studio acoustics, where industry experts will share their insights...

# Our time with Durra Panel

- Unique product, global market
- Panels to stop acoustic transmission
- Made solely of straw
  
- Australian company
- Based in Melbourne
- Manufacturing in Bendigo
  - Has the only two machines of their type - ANYWHERE

# Life starts as bales of straw...

...which is put onto a conveyor

# ...and out comes a bunch of techs

# Via a unique process machine

(that we're not allowed to photograph)

# New products for radio studios...

# How strong? Really, really.

# Friday with the firebugs

21-June-2025

(c) Technorama 2025

16

# Is it still strong after flaming? And will it blend?

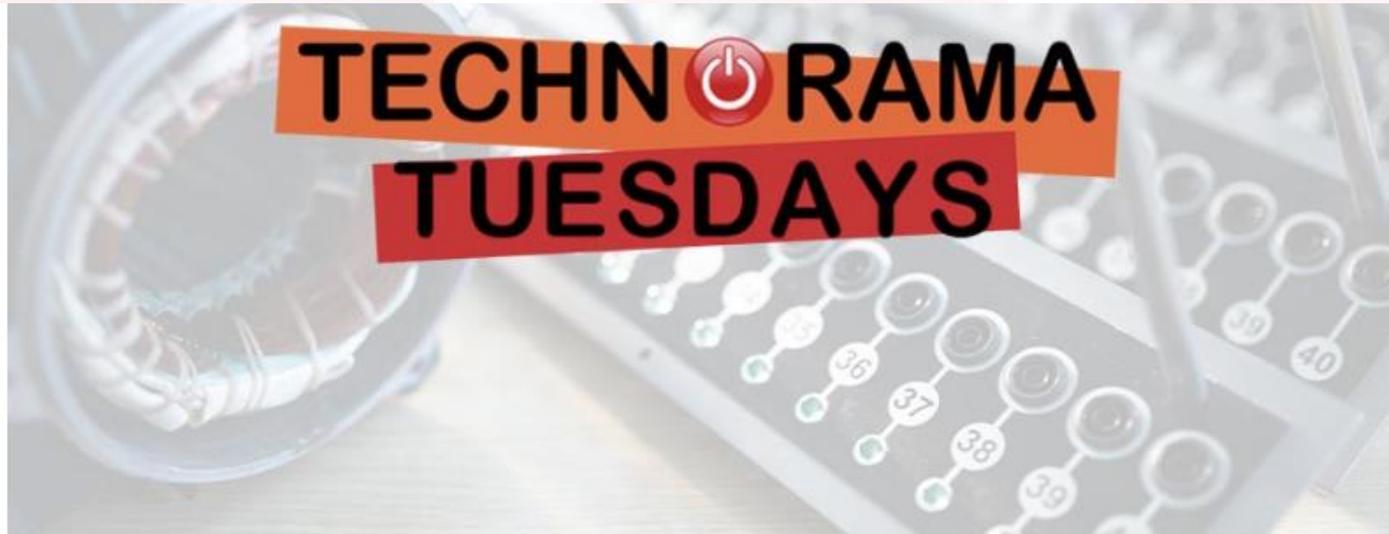

# After drilling: workable

# Acoustics panel: 2 Jun 2004
